Honjo logo history

Honjo is the regional name where we have been for over 70 years.

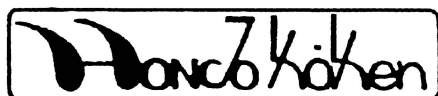

1949–1980

The initial of the founder of Honjo Doroyoke, our original company name, 'MS' is put inside of a star. The shape of this star came from '本' which is first letter of our home town Honjo written in Japanese.

本所の「本」をイメージした星の中に本所泥除工業所創業者のイニシャルを表記しています。

1981–2011

During this period, we expanded our bussiness. Apart from mudguards, we began manufacturing projection screen parts. We renewed company name and logo. The new name is Honjo koken. 'Ko' means industry, technology and 'Ken' means study, R and D.

この頃、二輪車向けどろよけの他に映像スクリーン向け製品等、様々な産業向けの製品供給を開始。これを機に社名を「本所工研」としてロゴを新設。ロゴ冒頭の「H」に躍動感を表現しています。

2012–present

In 2012, we introduced a new company logo. The purpose of making this logo is easy to remember and to be more friendly. Our process of making mudguards is described in the first letter 'H', which is also combined with the letter 'J' for JAPAN.

2012年、ロゴをリニューアル。冒頭の「H」にどろよけ製作工程とJapanの「J」を表現しています。
